SIGNATURE TREATMENTS

JADE RADIANCE (2.5 hours)

This uniquely grounding signature jade experience incorporates pure essential oils and bespoke massage techniques into a beautiful journey to balance your mind and body. Beginning with deep breathing using an inhalation of pure frankincense oil to clear the mind, a blend of geranium, rosemary, clary sage, cardamom and vetiver then soothes tense muscles, renewing an overall sense of well-being. Chilled jade rollers increase circulation, helping to smooth fine facial lines and reduce puffiness, giving tired complexions a rejuvenated glow.

BEAU-TEA RITUAL (2 hours)

Hydrate your skin with this signature tea ritual beginning with an aromatic facial steam of steeped rosehip, rooibos, sea buckthorn, dandelion root, hibiscus flower and juniper berry. Once warmed and relaxed, enjoy a full body massage focusing on Asian acupressure points. Choose between an organic Green Tea Body Oil or White Tea Massage Cream, both well-known for their antioxidant properties. Your skin will be treated to a facial using an anti-pollution solution serum, featuring a powerful extract from red tea. Boasting an abundance of antioxidants, red tea is known for properties of radiance, luminosity and beauty.

**MACANESE MASSAGE** (60/90 minutes)

A deep palm massage unique to Wynn Macau using smooth, flowing movements. Experience the gently relaxing and restful powers of lavender, petitgrain and ylang ylang oils to relax the mind, balance emotions, nourish, and restore tissue firmness.

ORIENTAL MASSAGE (60/90 minutes)

Based on ancient Chinese therapies, this massage relies on acupressure techniques using a soothing blend of eucalyptus, pine, tea tree and peppermint oils to maintain easy breathing and refresh the body and mind, while relieving muscle and joint pain.

TENSION RELIEF MASSAGE (60/90 minutes)

A customized massage using oils of lavender, rosemary and ginger, traditional therapies and acupressure techniques to help release tension in the upper body including scalp, neck, shoulders, back, arms and hands. Relieve sore muscles and fatigue with this soothing treatment.

SPORTS MASSAGE (60/90 minutes)

A customized deep tissue massage using the intensely warming and easing powers of rosemary, black pepper, lavender and ginger oils applied directly to aching muscles by using the elbow and forearm. Helps to release muscle tension, relieve travel sickness and re-awaken the senses.

THAI MASSAGE (60/90 minutes)

Loose-fitting pajamas help increase flexibility as the body is stretched in a series of yoga-like positions. Gentle twisting and deep rhythmic pressure to the muscles and sen lines stimulates circulation and energy flow throughout the body. This traditional massage without oil creates a powerful release of stress and tension while balance and harmony are restored.

TUI NA (60/90 minutes)

A deep massage without oil, involving firm movements to push, roll, and knead the body to encourage the free flow of qi. By combining Chinese acupressure and massage, musculoskeletal and chronic stress-related disorders are reduced, bringing a new feeling of vitality to the body. Huo Guan (cupping), an ancient Chinese practice of placing heated glass cups onto pressure points to improve circulation, can be incorporated into the massage.

GINSENG HOT STONES (90 minutes)

A unique massage experience, combining the healing benefits of ginseng with the use of warm, custom-blended oils and heated stones. Using long, fluid movements, this massage increases body circulation, soothing tired, over-stressed muscles and gently melting away tension. This calming ritual helps to balance and reconnect the body with its core.

IN-ROOM MASSAGE

For a truly indulgent experience, we will bring the Spa to you. Enjoy the massage of your choice in the comfort and privacy of your room.

GEMSTONE AGE-DEFYING FACIAL **[ANTI-AGING]** (90 minutes)

This signature facial merges traditional Asian beauty principles with state-of-the-art ingredients, blending both worlds for maximum benefit to the skin. After a refreshing spritz of a gemstone-infused hydrator, choose one of 5 precious stone rollers for your therapist to use throughout your journey. Chinese Royalty has long guarded this beauty secret, which uses the healing properties of each gemstone to enhance self-love, confidence, wisdom, and peace. A plant-derived serum and rose quartz mask restores a youthful vibrancy and leaves the complexion radiant.

COPPER COLLAGEN FACIAL **[ANTI-AGING]** (90 minutes)

This results-driven facial is designed to clarify the complexion. Utilizing a combination of gentle yet highly effective customized peels and masks, advanced peptides are infused into the skin. Known for its amazing anti-bacterial and anti-aging properties, copper is vital for a healthy skin and the production of collagen. Through the application of a Copper Collagen mask, this precious mineral works to illuminate the skin.

SUPERFRUIT BRIGHTENING FACIAL **[NOURISHING]** (60 minutes)

Beginning with a thorough exfoliation using malic acid from organic apples, a Champagne bubble mask derived from grape cell extract is then applied to the skin. This nourishing facial continues with an Apple Stem Cell solution to fight against damaging free radicals and to brighten the skin tone, followed by a Superfruit mask rich in pomegranate, goji, acai and noni extract to reverse pollution damage, revealing a new healthy glow.

ULTRA CALM FACIAL **[SOOTHING]** (60 minutes)

A truly soothing facial that rebuilds natural strength and shields the skin from the effects of emotional and environmental stresses. Cotton thistle flower, arnica and chamomile soothe and restore the skin's natural radiance. Specifically designed massage techniques relax and restore the complexion. Perfectly gentle for sensitive skin types.

BLACK PEARL DETOX FACIAL **[FOR MEN]** (90 minutes)

The ultimate facial experience created just for men. After a thorough cleanse, a volcanic clay detox mask is applied to eliminate any trapped impurities. While the mask works its magic, the scalp is revitalized with a stimulating treatment to increase circulation. Using a Black Obsidian roller, known to provide protection, good fortune and prosperity, a customized blend of serums is then massaged into the skin followed by a Black Pearl mask to energize the complexion.
